

How do I create an account?

Step 1: Go to https://johnshopkins.corefacilities.org/service_center/show_external/3809 and select the Login icon in the top right of the web page (QR Code is at the top of this page).

Step 2: Log in using your JHED ID and Password

The screenshot shows the Johns Hopkins University & Medicine Enterprise Authentication page. On the left, there are two sections: 'JHU user (with JHED ID):' with a link to login/register and 'Not a JHU user? (no JHED ID):' with a checkbox for iLab credentials and a link to register. On the right, there is a login form titled 'Enter your Login ID and Password' with fields for 'Login ID' and 'Password', and a 'Login' button. A red circle highlights the 'Login ID' and 'Password' fields. The page also includes a lock icon, the date '1/9/2017 8:02 AM', and links for 'First time JHED User?', 'Forgot Password?', 'Change Password?', 'Login Problems?', and 'Frequently Asked Questions'.

Step 3: Using the form that appears, fill in your information along with your PI's information. Submit the request when you are finished.

Step 4: Administrators and your PI will approve your use and assign account numbers so that you can make reservations and use the equipment – this process will take approximately 1 day.

Note: During the setup time you will not be able to make reservations for instrumentation and instead you will need to contact Phil Chapman (pchapma2@jhu.edu).
