May 5, 2022 – 5:00 - 7:00pm (new time)

Join us for the 2022 Science and Engineering Expo at
Barclay Elementary Middle School!
Activities, prizes, hands-on learning, dinner and much more!

Guarantee your meal tickets by RSVPing before Friday, April 29th!!

-Teachers will showcase samples of student work in science and engineering-

- Hands-on Activities for the whole family -

- Pizza Dinner -

- Optional Family Engineering Egg Drop Challenge -

To reserve meals for your family, you must RSVP using the form sent home.

EGG DROP CHALLENGE – (optional)

Participation in the Family Engineering Challenge is not required - but is encouraged! Can your family build the safest, lightest container to protect an egg from a free fall drop? Families must register for the Family Engineering Challenge no later than Friday, April 29th. Please bring your completed container and design packet (coming home soon) to the event on May 5th. **Only one entry permitted per family!** Prizes will be awarded to the top three teams!

Families who choose to compete in the Egg Drop Challenge will bring their completed product and design packet to the event on May 5th.

We hope to see your family at this fun Barclay School Celebration!
